"Time Will Tell"

IS MONARCH OF MONARCHS

After twenty years of service, the Monarch line of Wickless Blue Flame Oil Stoves still justly claims the title of "MONARCH OF MONARCHS"

A critical and careful inspection will bring out the fact that Monarch Stoves are bristling with STRIKING ORIGINALITY OF CONSTRUCTION, MARKED BEAUTY OF DESIGN, UNEQUALLED WORKMANSHIP AND FINISH, SIMPLICITY AND EFFICIENCY OF OPERATION.

KEROSENE OIL IS USED

The best stove in the world is a dismal failure if the Oven Don't Bake. "MONARCH" Asbestos-lined ovens stand at the head of the class. They tell their own story by actual demonstration. Mechanically perfect.

AFFECTION EXHAUSTED

Mrs. Watson Lost Patience With Family.

Gave Up Hopes of Fair Dealing From Her Father.

And After Five Years the Suit of Watson vs. Spreckels Comes to Head.

Humphreys & Watson yesterday filed an affidavit by A. S. Humphreys to show the authority of that firm's appearance as attorneys for Mrs. Emma Claudina Spreckels Watson in her suit against her father, Claus Spreckels, to recover possession of real estate in the business heart of Honolulu worth about a half million dollars.

Affiant states that during December, 1897, or January, 1898, Mrs. Watson, together with her husband, Thomas Watson, passed through Honolulu in the steamship Belgic on their way around the world. Mrs. Watson sent for affiant and told him of her title to the property in question, and in presence of her husband and with his consent paid affiant a retaining fee of five hundred dollars and instructed him in her behalf and name to give notice of her title to the several tenants occupying the premises and to demand the surrender thereof to her.

Directly upon the close of that interview Mr. Humphreys procured an abstract of title of the premises to be made, and thereafter served notice to surrender upon each and every one of the tenants, of which notice he gives a copy in the affidavit.

During the summer of 1898, while affiant was in San Francisco, he was informed by Mrs. Watson that "she had concluded, for the present, not to institute any proceedings against the defendant, Claus Spreckels, for the recovery of said premises, he being her father for whom she felt a deep affection and by whom she expected to be fairly, honorably and justly dealt with in respect to said premises."

Since 1898 affiant had not seen plaintiff or her husband, nor heard from them directly or indirectly, until about the 13th day of May, 1903, when he received a letter from Thomas Watson which he quotes in full. It is dated "The Manor House, Lower Kingswood, Nr. Reigate, 20 April, '03," and refers to the interview in 1898 and the retaining fee, and concludes thus:

"Unfortunately my wife did not know, and does not now know what she signed away, but it included the bank property occupied by Billy Irwin, some Hawaiian sugar stock, etc.
"At the time we did not want to take legal proceedings against Claus Spreckels, my wife's father, and create more discord in the already discordant family, but since then they have persecuted my wife so cruelly, so inhumanly, that she has lost all consideration for their feelings, and she is now willing to proceed against whoever it may be necessary to do, to establish her rights, if you advise that there is any prospect of success, and will take the business on hand on shares as you then proposed.
"We are settled here now and await your reply and instructions."

Thereafter, on June 9, affiant received a letter subscribed by plaintiff and her husband, directing him to bring all and every such suit, etc. He cannot produce this letter because it "contains private, confidential and privileged matter."
Affiant on May 15, 1903, forwarded to plaintiff and Watson a power of attorney to be executed by them to defendant, a copy of which he attaches to his affidavit, and he has been advised by Watson that said power of attorney has been executed and is now in the mail in course of transmission to him.

RESCUE WORK OF THE SALVATION ARMY

The special feature of the meeting last night at the Salvation Army was the address of Ensign Underhill, Matron of the Rescue Home in Honolulu, on the Rescue work done here. Ensign Underhill told of her early struggles, her call from God to this service of love, her unwillingness to obey and finally in Army parlance her "victory" when the sacrifice of friends and companions, life's prospects and opportunities were cast aside and she was willing to follow the lowly Nazarene in the path of service he would have her tread. At three Homes has the Ensign been stationed before coming to Honolulu. Her cadet days were spent in St. Louis, Mo., and she was a Lieutenant at Grand Rapids, Mich. Perhaps nothing could explain the work she is engaged on better than an incident in that city. A girl scarcely turned twenty left her home in the country and went to Detroit, secured a situation and was doing well when she got into bad company, went from bad to worse and finally fell in the hands of the Salvation Army and was taken to the Home at Grand Rapids. She was converted from her life of sin and shame. Disease made its appearance and she was told by the physician that she must die, and then what gratitude from this Mary Magdalene as she turned to the Ensign and said, "Oh, I do not want to die. I want to live so that other girls who have sinned as I have sinned might be turned unto God." It was a beautiful sequel as the casket holding the remains of this girl lay in the reception room of that institution and the funeral services were being conducted, when her aged father knelt with his arms around all that was left of his daughter and asked her Saviour to be his Saviour.

A term at Los Angeles followed for Ensign Underhill. Then her appointment to Honolulu occurred. The Ensign has been in the city since the eighteenth of June, 1902, and a good work is being done. At the present time the Home is crowded, twenty-four beds being filled, with many others seeking admission, but who have to be refused on account of room. The Rescue Home is located at 1920 Young street. The matron would be pleased to get plain sewing for the girls to do to help support themselves while in the Home.

Tonight the meeting will be a series of living pictures, illustrating the Good Samaritan, ancient and modern.

DAVIS VENTS HIS RAGE ON PRISONERS.

Those who came before George Davis for trial yesterday had reason to regret it, for since he has gone on trial himself before the Supreme Court, fines at the Police Court have taken a most decided jump, and it will be well for the breakers of the penal laws to restrain themselves for a few days until there is another judge.

The cause of all the judicial wrath dated back to Saturday night. The Judge rushed into the Police Station late that evening with papers he wished served on the Attorney General immediately. As it is not the custom to serve papers much after four o'clock in the afternoon, and as nothing had been recorded, nor had the High Sheriff seen the papers, the clerk refused to send an officer out with them. All day Sunday the fiery documents were held down by a paper weight at the Police Station and when Judge Davis opened Court yesterday morning he immediately demanded them. A man was sent for them and when he appeared, the papers were snatched from his hand and the Judge exclaimed in accents wrathful. "I'm treated like a dog here, treated like a dog. Can't get anything done that I want." Then the Judge worked off his rage on the prisoners.

Yanagi charged with selling liquor without a license was fined \$300 and costs. Feliciano Rosales and Antonio Hills disorderly persons were sentenced to twelve months in jail. The sentence of F. Baker for drunkenness was suspended one month. One drunk forfeited bail and the case of A. J. Gibbs was nolle prossed.

The drunks were placed on trial and after being sentenced some of them looked as if they needed further stimulants to place them up. Although the custom has prevailed for years to fine an ordinary drunk \$2 and costs, yesterday sixteen of them were given \$4 and costs. And although visions of San Jose celebrations must have crossed the judicial mind, Davis gave an impromptu lecture from the bench as to the superiority of cold tea and water over the more intoxicating beverages.

PROF. REBEC LECTURES TO TEACHERS.

Professor George Rebec lectured at the Summer School yesterday morning on "The School System." "The reason we have schools," he said, "is because not all of us are qualified to be experts in the business of teaching." He spoke also of private schools and tutors, and said that he was not in favor of teaching children at home. All mothers were not natural-born educators and his experience had been that they did not all make a success of teaching, even though they put in it love and other qualities which a teacher did not, perhaps. Mr. Rebec further said that individual teaching was neither necessary or desirable. The child should be left to itself to a certain extent. He was born to be a member of society, and private tutors and private schools tended to exclusiveness. It is only in the social group such as a school that he can be properly trained. The private school has too many limitations—it is too exclusive.

In the factors for organizing the body of schools there are two classes, subjective and objective, or to put in plainer, one the nature of the mind to be educated, the other, the consideration of the practical circumstances that surround the attempt to educate this mind. Of the practical factors there must be taken into consideration the historical factor, the growth of colleges—of the school system. Secondly also there must be taken into consideration present social conditions, namely what society wanted in the making of its men and women.

The lecture was the most interesting one of the course and those who heard it were much pleased.

OFFICERS OF THE LOCAL GUN CLUB.

At a meeting of the Honolulu Gun Club held last evening at the Hawaiian Hotel, the following officers were elected: Paul Isenberg, President; Walter E. Wall, Vice-President; J. E. Fullerton, Secretary; F. B. Damon, Treasurer; H. D. Couzens, Auditor; Directors: A. B. Porter, R. B. Booth, J. W. Harvey, H. W. Willis.

The committee appointed to select grounds for the club made its report recommending a tract of about eight acres situated in Manoa Valley. The grounds will be looked over again before final selection of the place is made.

The club is in a flourishing condition having ninety-seven members already enrolled. Five traps and twelve thousand clay pigeons have been received from the Coast and it is hoped that the traps will be in place inside of a month. The initiation fee of the club has been placed at \$10 and the monthly dues \$1.00. After the transaction of the business at hand the meeting adjourned to meet again at the call of the chair.

UNITED STATES OF AMERICA.

In the District Court of the United States for the Territory of Hawaii.

Whereas, a libel was filed in the District Court of the United States for the Territory of Hawaii, on the 24th day of July, A. D. 1903, by J. D. Spreckels & Brothers Company, a corporation, libellant, vs. The Steamship Claverling, her tackle, etc., and cargo, libellees, in a suit for salvage, alleging in substance that on the 19th day of July, A. D. 1903, at about the hour of 10:45 p. m., the steamship Claverling, while proceeding on a voyage from Hong Kong, China, to San Francisco, California, via Honolulu, went upon a reef near the entrance to the channel of the Port of Honolulu; that through the efforts of the tug Fearless, whereof said libellant is the owner, and the tug Charles Counselman, whereof the said libellant is charterer, said steamship was pulled off said reef, and floated into deep water, and said steamship and her cargo saved from total loss and destruction; and that said libellant, by reason of the services rendered, is entitled to salvage in the sum of \$50,000, with costs, charges and expenses.

Now, therefore, in pursuance of the monition, and under the seal of the Court to me directed and delivered, I do hereby give public notice to all persons claiming the said steamship "Claverling," tackle, etc., and cargo, or in any manner interested therein, that they be and appear before the said District Court, to be held at the City of Honolulu, on Friday, the 31st day of July, A.
